RE: U.S. EPA Indian Environmental General Assistance Program
GA-99T10901-1
Application Due: MAY 18 2015

Dear Chairperson Jones:

I am pleased to inform you that your proposal submitted to this office under the U.S. Environmental Protection Agency's Indian Environmental General Assistance Program (GAP) has been tentatively approved for funding. At this time, I am setting aside \$156,000 of funding to support your GAP for one year. An additional \$4,700 has been tentatively set aside for supplemental activities as follows: \$1,691 for staff raises, an additional \$1,078 for travel, and \$1,931 for an intern. The total tentative award for your GAP is \$160,700.

Work plan submission, negotiation, and approval will be conducted electronically in GAP Online. The comments attached here for your reference are also available in GAP Online. If we receive your complete application and an **approvable** revised work plan by the due date we will make every effort to award the grant by September 30, 2015. This funding will support work plan activities **from October 1, 2015 to September 30, 2016**. Please do not incur any costs under this work plan until the official grant award document has been signed and dated by the EPA Award Official. Any costs incurred before the date of award will not be reimbursed.

This letter does not constitute a grant award. In order to receive funding, the Big Pine Paiute Tribe will need to complete an Application for Federal Assistance (SF-424). **The complete application, including an approvable work plan, must be submitted for EPA review by the due date indicated above.** Materials can be submitted earlier and will be processed on a first-come, first-served basis. Please note that in completing your application, you will need to enter the GAP Catalog of Federal Domestic Assistance Number (CFDA), required in box #11 on the SF-424A application form, 66.926.

New Process for Submitting Your GAP Grant Application

Effective February 17, 2015, EPA grant applicants **must** use Grants.gov to submit their applications. The Grants.gov registration process can take up to 30 days to complete. Therefore, it is highly recommended that EPA applicants complete their registration on Grants.gov now. Also, your organization's registration in SAM.gov must be active to utilize Grants.gov. If it appears that the grants.gov registration process may prevent you from submitting your application by the due date aforementioned, then please contact

Support@grants.gov or call 1-800-518-4726 as support is available 24 hours a day and 7 days a week. You should also notify your Project Officer before the application due date to request an extension.

Please review both Attachment 2 (Grants.gov Instructions Guide) and Attachment 3 (Region 9 Guidance Information for Applicants) or go to <http://www.epa.gov/region9/funding/information.html> to find additional resources on Grants.gov, Federal Regulations, and new EPA requirements. We suggest you forward these materials to your Project Manager, Financial Officer and any other personnel in your organization requiring this information.

GAP 2015-2016 Work Plan Comments

Big Pine Paiute Tribe

Thank you for developing an outcome-oriented work plan. The following observations and requests were written with the intent of strengthening the Tribe's GAP work plan, identifying possible assistance, and ensuring the work plan meets GAP guidelines. These comments pertain to the 2015-2016 work plan that was submitted with your GAP proposal in GAP Online in December 2014. Please ensure that these comments are addressed in your final GAP work plan in GAP Online.

General Definitions and References

1. The following references are useful for understanding GAP in general, for getting an understanding for environmental outcomes, etc.
2013 Guidance on the Award and Management of General Assistance Program Agreements and Appendix I, Guidebook for Building Tribal Environmental Program Capacity
<http://www.epa.gov/region9/funding/pdfs/tribal-gap/r9-gap-guidance.pdf>
GAP Act (<http://www.epa.gov/Indian/pdfs/4368b.pdf>)
2015 GAP Grant Notification (<http://www.epa.gov/region09/funding/tribal-gap.html>)
EPA Strategic Plan (<http://www2.epa.gov/planandbudget/strategicplan>)
2. Environmental outcomes should be expressed in terms of improvements to public health, the environment, or human behavior. They can also reflect improved tribal capacity to protect public health or the environment. Intermediate outcomes could reflect: a) improved human health or environmental conditions, b) reduced risks to human health or the environment, c) increased tribal capabilities in legal, enforcement, technical, communication, or administrative areas. Long-term outcomes could include attainment of desired environmental conditions (e.g., water quality standards are met) or human health goals, attainment of a desired capacity to plan, develop, implement, manage and sustain tribal environmental programs.
3. Please ensure that each component in your work plan contains one or more capacity indicators that appropriately links to the steps that are either underway or proposed to begin in the associated commitments. Capacity indicators represent the destination of the Tribe's work and therefore the Tribe should express how it will accomplish the tasks necessary to achieve the indicators proposed in its commitments. Moreover, capacity indicators should ideally be placed in the "Measures" section for each component in the work plan. More information on the appropriate use of indicators is found on page 13 of the GAP Guidance. A suite of indicators that the Tribe may consider for inclusion in its work plan is contained in Appendix I of the GAP Guidebook.
4. Please ensure that the total work plan Estimated Component Costs add up to the total approved budget amount indicated in the cover letter, and that the total work plan Estimated Work Years adds up to the total number of approved personnel funded under GAP. I have attached a document entitled "Component Cost and Work Years Guidance" that will help you to correctly identify Component Costs and Work Years to comply with this request.
5. Greening Grants Policy: EPA Region 9 has adopted a Greening Grants Policy which encourages grantees to carry out their EPA grant funded projects in a greener way. Your Project Officer will work with you to determine whether it is feasible to incorporate green practices into your work plan. The Greening Grants Policy includes an attachment which describes many useful green practices.

The policy furthers the objectives of EPA's 2011-15 Strategic Plan. The link to Greening Grant Policy is on the Region 9 Website Homepage, <http://www.epa.gov/region9/funding/greening-grants.html>

Regarding Indirect Costs:

For Fixed/Carry forward Tribal IDC rates:

- EPA may allow IDC costs to be budgeted for grants when indirect costs rates have been approved within the preceding three fiscal years. When IDC rates are not current at the time of the grant award, a term and condition will be used to require the Tribe to notify EPA and refund any overfunded amounts.

Please refer to CFR 2, Part 200, Section 200.414 for more information regarding indirect cost rates. This is a change from FY 13 and FY 14 IDC negotiations. Please work with your project officer when budgeting for a 10% IDC.

*MTDC is the total budget minus equipment and contractual costs.

Budget Comments

Your tentative funding amount is \$160,714. Please revise your budget to reflect this amount in your final application.

Work Plan Comments

Specific work plan comments can be found in GAP Online. General work plan comments are below:

Youth Camp environmental education supplies listed in the supplies section of the budget could mean the purchase of promotional items. If promotional items are to be purchased, please list what types will be purchased, the quantity and the cost.

- **Bundling of Grant Application Certifications (for States & Tribes):**

State and Tribal applicants are highly encouraged to submit annually a single set ("bundling") of application certification forms with a cover letter. The letter must indicate the applicable timeframe (usually a federal or state fiscal year) of the certifications for all EPA grant applications received by Region 9 Grants Management Office (GMO) within that period. GMO accepts Adobe format (.pdf) of the letter with applicable signed certification(s) through the electronic mail box:

grantsregion9@epa.gov. Please note that updated forms must be submitted when changes to the responses are required. The following certifications can be bundled:

- ❖ [Standard Form \(SF\) 424B, Assurances for Non-Construction Programs](#)
- ❖ [EPA Form 6600-06, Certification Regarding Lobbying, Certification for Contracts, Grants, Loans and Cooperative Agreements](#)
- ❖ [EPA Form 4700-4, Preaward Compliance Review Report for All Applicants Requesting EPA Financial Assistance](#)

Applicants are highly encouraged to use bundling of their certifications if multiple EPA applications are submitted annually. Bundling can be especially helpful as EPA is transitioning to Grants.gov. Please contact your EPA Grants Specialist for questions regarding bundling.
